

# Shamanic Healing With Crystals

*NEW!! Online Course in the Shamanic Wisdom Series*

The Institute of Shamanic Wisdom, Inc. is pleased to announce our first Online Course in the Shamanic Wisdom Series!!

**“Shamanic Healing With Crystals”** is a six-week online course taking place at [www.shamanicwisdom.com](http://www.shamanicwisdom.com) from June 23, 2008 to July 28, 2008. This online course explores the unique qualities of crystals and their assistance in shamanic healing.

Questions to ponder:

- What is your shamanic perspective?
- How often do you engage in soul level healing?
- How might your life and work be different if for each healing, you had a toolbox which included crystals and knew how to access their inner power?

Shamans since time immemorial have used the gifts of Mother Earth in their work. One such gift is the blessing of the many crystals that she offers us. Crystals have been scientifically proven to possess a vibrational energy, an energy that generates and emits electrical charge. Furthermore, crystals possess the vital energy force that sustains all that exists. That is why shamanic healing and crystals go hand in hand, for the energies of the mineral kingdom are universal and are available to all who wish to use that energy.

When we engage in any kind of healing work, we are working at transforming the energy around emotional experiences that are stored deep within the body, “dis-ease” which may manifest as physical problems or as emotional problems. Crystals provide a jump start for the healing process since they help transform energy blockages and any diminished energy flow.

In this online course I will provide healing tools to help you connect with and use different crystals in your own healing as well as for healing others. This course is designed to provide you with practical hands-on techniques derived from shamanic and crystal protocols to forge the internal pathway to your Inner Teacher. We will work with my unique Gaia Wheel teachings, a way to look at where you are spiritually, mentally and physically on a healing medicine wheel.

## How Do Online Courses Work?

### WHAT YOU'LL NEED

As a participant of an Online Course, all you need is a computer and an open heart and mind! I will provide a comprehensive course workbook that you can download and print at your home computer. Our workbook contains all the course materials and is designed not only as a teaching tool, but as a journal for you to record your thoughts, feelings, and discoveries during this online adventure!

### HEALING KIT

You will receive a set of crystals to use when we work with healing grids. These crystals will be sent to you upon registration so that you can begin feeling the energy of each crystal.

### OPTIONAL CDS

You will also have the option of purchasing CD sets of the meditations if you wish to have a copy for your use in the future whenever you want to delve into the work again.

### SHAMAN CIRCLE

We will join together at our online community at

shamanicwisdom.com, the *Shaman Circle Forum*, a place on my website which functions as a message board, where you may post messages regarding your course work and ask questions of me as your guide on the journey.

I feel it is important that you have a teacher on this journey of spirit, so I will be available to answer questions and offer guidance through the online community. I believe the most effective teaching tool in the world wide web is the presence of the guide. The quality of human touch is a skill and a style I've developed over the years in my course work with students. So look for me to be your companion throughout this work as well as via phone conferences.

### PHONE CONFERENCES

Our group phone conferences will occur twice during the online course. We will connect via a bridge line where we all place a phone call to one phone number that bridges us together so we can communicate. The phone calls are lots of fun and provide additional opportunities to connect and chat about your work. It is really enjoyable to hear everyone's voices and to spend an hour of precious time sharing our personal spiritual journeys.

You will receive an email with all the necessary information concerning the conference calls. The first one is scheduled for Wednesday July 9, 2008 at 5:00 pm PST.

### ENERGY HEALING

Each phone conference will include a collective energy healing for the group. This is optional for all members. In my experience as a seeker and a teacher, energy healing is one of the most powerful ways available to move through blocks as well as to understand the power of the crystals.

### DURATION AND COMMITMENT

This online teaching program is designed as a six-week commitment in which you will have tasks to complete each week and post comments online.

### START DATE

The first class begins Monday June 9, 2008. Once a week each Monday, you will receive the next week's lesson set.

### GROUP SIZE IS LIMITED

There are only 50 spots. If you are called to this program be sure to reserve your space right away!
